

28th and 29th April – Business Skill Workshop

Students belonging to Department of Management Studies, Tagore Engineering College, conducted 8th Business Skill workshop on the theme “World day for safety and Health at work” on 28th and 29th April. Students displayed different stalls like organic food items, natural oils, fruits, virtual reality exams, health check-up booth, clothes, home decors, dresses, cutlery items and food stalls. The event was open to other college students and approximately 700 people foot walked.

Dr. V. S. V. Verchezhian (D.Hons), Honorary Chair member, Managing Director- SRI KVS Industries, Ambathur, Dr.R.Ramesh, Principal, Tagore Engineering College, were on hand to open the event. During the day, event participants had the opportunity to choose among the various stalls. This workshop, gave an opportunity for the students to create a market place by putting up stalls which sell various products. Students are involved in all stages of planning, organizing, financing and marketing through this event. In addition to that students created awareness on health and safety at the workplace.
